Message from the Director

Greetings!

The Arkansas State Board of Nursing is pleased to present its 2009 Annual Report. The report reflects the board of nursing's activity from July 1, 2008 through June 30, 2009. The mission of the board of nursing is to protect the public and act as their advocate by effectively regulating the practice of nursing. The agency protects the public, in part, by ensuring that individuals have the knowledge, skills and ability to practice nursing safely.

The 2009 report highlights some of the many successes that the agency experienced during the past fiscal year. Of particular interest is the legislative initiative moving \$500,000 of the agency's fund balance into a loan/scholarship program intended to assist individuals going to college to become nursing faculty. Recipient loans will be forgiven (converting to a scholarship) if the recipient teaches nursing in Arkansas for one year for each year funding is received from the agency. This action is expected to assist in relieving the nursing shortage in Arkansas by addressing the bottleneck experienced in nursing education. The more nursing faculty we have, the more students we can educate. We look forward to seeing the positive impact such legislation will have on nursing in our state.

Our staff members have been particularly efficient this year. Their effectiveness is evident in workshops presented around the state, the numbers of licenses issued, criminal background checks completed, disciplinary cases prosecuted and educational programs surveyed. This year, our team rated in the top ten in the nation for disciplinary processes.

The pages of this report include many of the success stories of the Board of Nursing over the past year. I hope you find this summation of 2009 to be, not only informative, but also proof of this agency's commitment to public protection.

ARKANSAS STATE BOARD OF NURSING ORGANIZATIONAL CHART

BUDGET

The Arkansas State Board of Nursing does not receive appropriations of general revenue from the state. Nurse licensure fees constitute the agency’s primary financial support. The FY 2009 total revenue was \$2,553,391.92. Expenses for the fiscal year totaled \$2,384,283.67. Total revenue and expenses includes Board of Nursing operating fund, nursing student loan fund, continuing education workshop fund, and criminal background check fund.

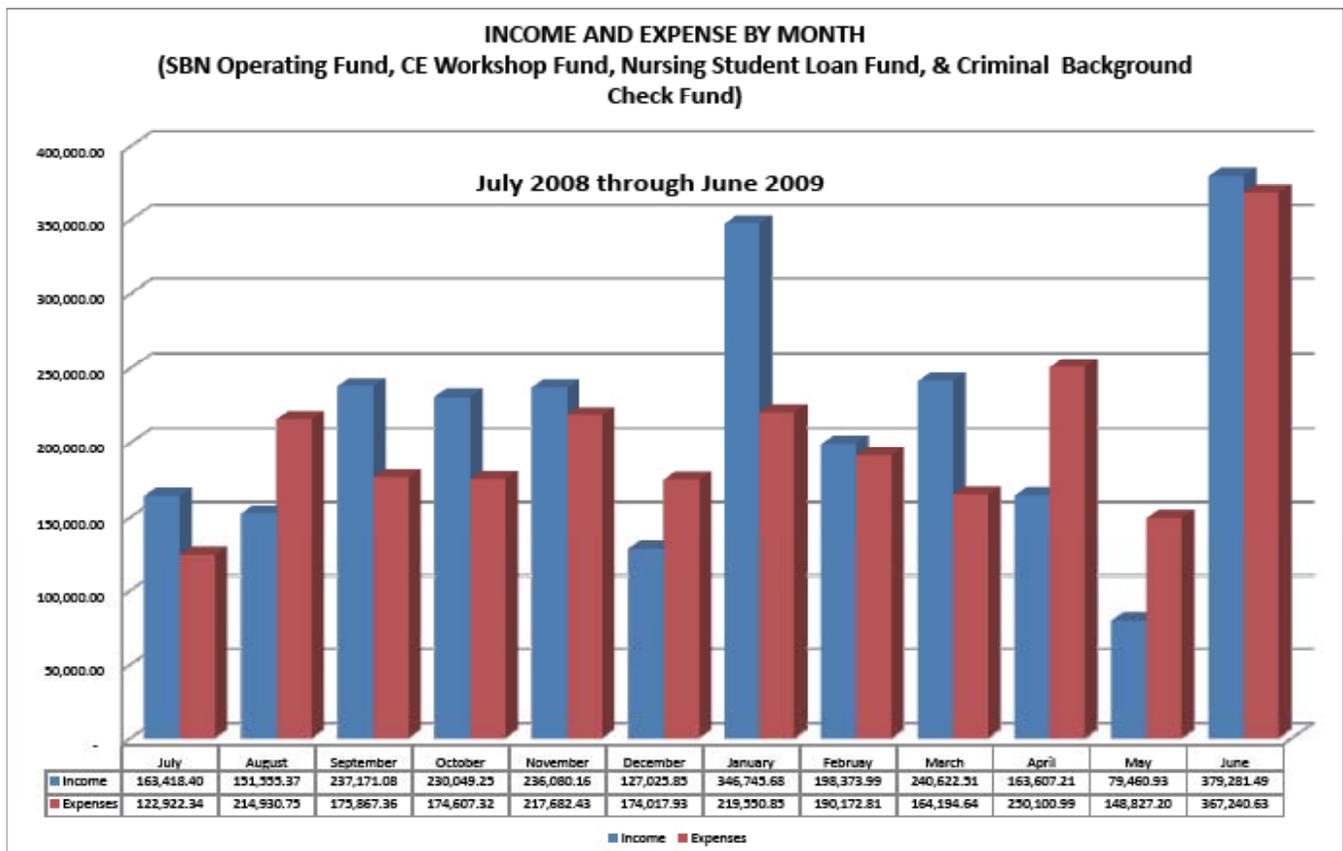

The Board is required to pay 1.5% of revenue fees to the Treasury of the State of Arkansas. These funds are credited to the State’s General Fund for appropriation to various other agencies and services of state government. The Board paid \$35,831.58 to the General Fund for FY 2009. The financial statements and graphs on the following pages reflect the breakdown of revenue and expenses for the fiscal year 2009.

The Nursing Student Loan fund is a separate fund used only for the purpose of providing loan/scholarships to nursing students. The program is funded by donations that are deposited into the designated fund. From these funds, nursing students are awarded loans that can become scholarships if they work in the state of Arkansas for one calendar year after graduation and licensure.

The Continuing Education fund is also a separate fund that allows the Board of Nursing to collect registration fees for the educational workshops provided by the Board of Nursing. The designated funds from the registration fees are used to offset the costs associated with providing this service.

The Criminal Background Check fund is a separate cash fund the Board uses to collect and submit payments for the federal and state criminal background checks for applicants and employees. This fund was established to allow ASBN to run the background checks online. Online processing shortens the time to receive the results and speeds the application process.

The ending balance in the operating fund as of June 30, 2009 was \$3,086,582.33. The balance in the NNB (Continuing Education Workshop) Fund was \$53,217.65. The balance in the MBP (Nursing Loan) Fund was \$51,730.14. The balance in the NNB (Criminal Background Check) Fund was \$7,685.23.

DISCIPLINARY ACTION BY THE BOARD OF NURSING

One of the methods used by the Board of Nursing to insure protection of the public is to cause the prosecution of persons violating provisions of sections 17-87-101 through 17-87-402 of the Arkansas *Nurse Practice Act*. The following is the order of disciplinary proceedings against nurses in the state of Arkansas:

LETTER OF COMPLAINT RECEIVED

| | | |
|--|---|---|
| Reviewed by Board Staff | ➔ | Request a formal investigation Gathers additional information Determines additional information not needed |
| General Counsel reviews complaints and investigative information | ➔ | Determines charges of violation of <i>Nurse Practice Act</i> Determines whether disciplinary action should be pursued. |

IF DISCIPLINARY ACTION IS PURSUED, THIS CAN BE ACCOMPLISHED IN ONE OF TWO WAYS:

CONSENT AGREEMENT

The Board staff determines the violations and proposed stipulations. Board Attorney draws up a legally binding agreement.

The licensee receives a copy of the Agreement, agrees to the terms, including waiving their right to a hearing before the Board, signs the agreement, and returns it to the Board office. (If the licensee refuses to sign the agreement, the Disciplinary Hearing process begins.)

Board attorney and a staff witness sign the Consent Agreement and forward it to the Board.

Board President signs the Consent Agreement following a majority approval by the Board.

DISCIPLINARY HEARING

The General Counsel files formal charges. This may be done initially or after the licensee refuses a Consent Agreement.

Disciplinary Hearing is Held

If the Board finds the nurse violated the *Nurse Practice Act*:

Disciplinary Order
The Board issues an Order setting forth the discipline. (reprimand, probation, suspension, revocation or limitation)

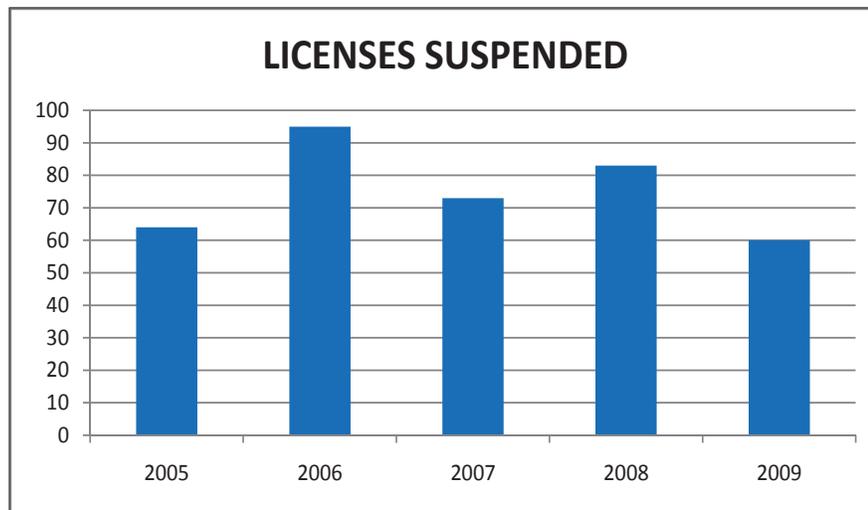

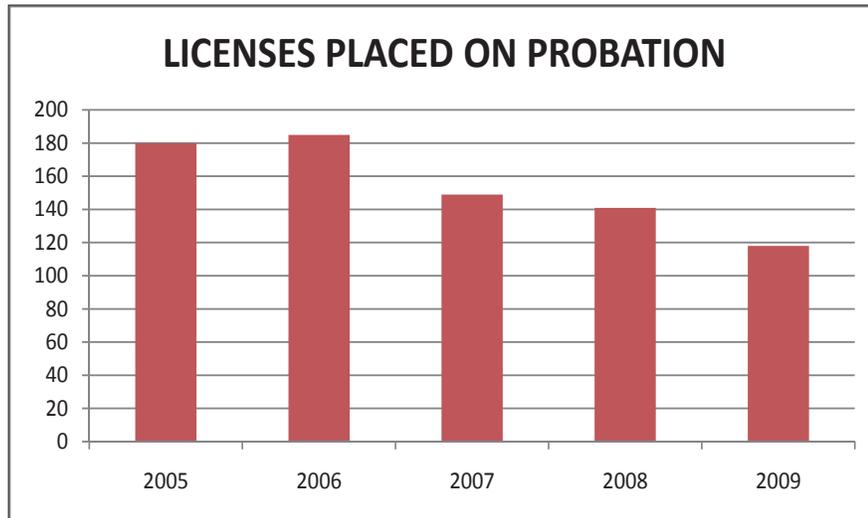

If the Board finds that the conduct which was charged did not occur or that the conduct which did occur is not a violation of the *Nurse Practice Act*, the case is Dismissed and no further action is taken.

The Order becomes effective the day it is signed.

Appeal

The licensee may appeal this decision to the circuit court of the County in which he or she resides or the Circuit Court of Pulaski County, AR.

NURSING PRACTICE

The profession of nursing is a dynamic discipline. Practice potentials change and develop in response to health care needs of society, technical advancements, and the expansion of scientific knowledge. All licensed nurses share a common base of responsibility and accountability defined as the practice of nursing. However, competency based practice of scopes of individual nurses may vary according to the type of basic licensure preparation, practice experiences, and professional development activities.

The parameters of the practice scopes are defined by basic licensure preparation and advanced education. Within this scope of practice, all nurses should remain current and increase their expertise and skill in a variety of ways, e.g., practice experience, in-service education, and continuing education. Practice responsibility, accountability, and relative levels of independence are also expanded in this way.

The licensed nurse is responsible and accountable, both professionally and legally, for determining his/her personal scope of nursing practice. Since the role and responsibilities of nurses, and consequently the scope of nursing practice, is ever changing and increasing in complexity, it is important that the nurse make decisions regarding his/her own scope of practice.

The Board of Nursing answers specific questions from individuals or entities regarding scope of practice or standards of practice. To facilitate this process the Nursing Practice Committee investigates practice standards and submits recommendations to the Board for their approval.

LICENSURE

The *Nurse Practice Act* requires that any person practicing as a(n)

- Registered Nurse
- Advanced Practice Nurse
- Registered Nurse Practitioner
- Practical Nurse, or
- Psychiatric Technician Nurse

in this state shall be licensed by the Arkansas State Board of Nursing. Legislation enacted in 1979 authorized the licensing of registered nurse practitioners. Act 409 of 1995 created advanced practice nurse licensure. This licensure includes the previous categories of certified registered nurse anesthetist and certified nurse midwives and adds licensure of advanced nurse practitioners and clinical nurse specialists. Appendix B gives totals of nurses licensed in Arkansas by licensure category and county of residence. The information is derived from those questions that are completed on the licensure renewal forms. Incomplete data indicates that the licensee did not provide that information.

ADVANCED PRACTICE

The table below lists the numbers of Advanced Practice Nurses granted licensure in Arkansas during the reporting period:

| Advanced Practice Nurses Licensure July 1, 2008 - June 30, 2009 | |

| Certified Nurse Midwives | 3 |
| TOTAL | 198 |

ADVANCED PRACTICE — PRESCRIPTIVE AUTHORITY

Act 409 of 1995 gave the Board authority to grant certificates of prescriptive authority to qualified advanced practice nurses. Advanced Practice licensure categories and numbers of licensees granted a certificate of prescriptive authority during the reporting period are identified below:

| Advanced Practice Nurses Granted Prescriptive Authority July 1, 2008 - June 30, 2009 | |

EXAMINATIONS

Licensure examinations for registered nurse and practical nurse candidates are administered via computerized adaptive testing. State boards of nursing contract with the National Council of State Boards of Nursing (NCSBN) for these examinations. In Arkansas, tests are administered by technology centers located in Little Rock, Fort Smith and Texarkana. A candidate may test at any center nationwide or internationally for licensure by the Board that provided authorization to test.

The licensure examinations have one purpose: to test knowledge, skills and abilities essential to the safe and effective practice of nursing at the entry level. The use of national RN and PN examinations facilitates licensure by endorsement from one jurisdiction to another. The passing standard is set by a panel of practicing nurses who are knowledgeable of entry-level nursing practice. Membership on the panel is open to all NCSBN jurisdictions. Examination results are reported to boards of nursing and to the candidates as either “pass” or “fail”. Unsuccessful candidates are provided with a performance report that gives information on areas for remedial study.

The Board participates in the test development system administered by the testing service of the NCSBN. The Arkansas Board approves practicing nurses to participate in RN and PN item writing, item review, and standard-setting panels.

Graduates of an approved nursing program are eligible for licensure in Arkansas after passing the National Council Licensure Exam (NCLEX®). The number of registered nurse and licensed practical nurse licenses issued by exam is shown in the following table:

| Licensure by Exam July 1, 2008 - June 30, 2009 | |

ENDORSEMENTS

Pursuant to the Arkansas *Nurse Practice Act*, the Board may issue a license to practice nursing by endorsement to an applicant who is duly licensed as a nurse under the laws of another state, territory or foreign country if the applicant meets Board qualifications. Applicants for endorsement must have successfully completed a nursing education program, the appropriate NCLEX®, and must be verified by the jurisdiction of original licensure. In addition to these requirements, advanced practice nurses shall have documentation of current unencumbered advanced practice license/authority to practice in another jurisdiction. Nurses licensed in Arkansas by interstate endorsement from each state during the reporting period (July 1, 2008 – June 30, 2009) are identified below:

MEDICATION ASSISTANTS-CERTIFIED

Act 1423 of 2005 gave the Board authority to grant certification to qualified unlicensed persons to administer certain medications in facilities determined by the board. The Board decided to allow medication assistants only in Arkansas nursing homes in which nursing supervision is available and nurse patient ratios are legislatively required. This authorization included persons who have met certain qualifications in Arkansas or who have met substantially similar qualifications and held similar credentials under the law in another state. In addition, in 2007, persons who have completed a certain portion of a nursing education program may be eligible to take the certification exam and work as a MA-C if successful. The table below lists the numbers of medication assistants granted certification in Arkansas during the reporting period.

| Medication Assistants-Certified July 1, 2008 - June 30, 2009 | |

| Medication Assistants-certified by examination | 14 |
| Medication Assistants-certified by endorsement | 1 |

RENEWALS

The *Nurse Practice Act* requires biennial license renewal for practicing nurses. Renewal reminders are mailed at least thirty days before the license expiration date. Nurses who allow their licenses to lapse and who have not practiced nursing during the preceding licensure period may be reinstated upon request, payment of the renewal fee and late penalty, and after meeting the continuing education requirements. Nurses who do not renew are in good standing as long as they do not practice nursing in Arkansas. Legislation to require continuing education prior to license renewal was passed in the 2001 Legislative session.

TEMPORARY PERMITS

Temporary permits may be issued to Arkansas licensed nurses who are graduates of a nursing program. This permit allows a nurse to practice between graduation and receipt of results of the first examination for which the licensee is eligible. The number of temporary permits issued July 1, 2008 to June 30, 2009, is shown in the following table:

| Temporary Permits - Examination Applicants July 1, 2008 - June 30, 2009 | |

An amendment to the Nurse Practice Act enacted by the 1980 Special Session of the Legislature, provided for issuing temporary permits to qualified endorsement applicants holding current licensure in other states. The number of temporary permits issued July 1, 2008 to June 30, 2009, to advanced practice, registered nurse, licensed practical nurse, and licensed psychiatric technician nurse endorsement applicants is shown in the table below:

| Temporary Permits - Endorsement Applicants July 1, 2008 - June 30, 2009 | |

NURSING EDUCATION

Continuing education for license renewal and reinstatement was mandated by Act 86 of the 2001 Arkansas legislative session. The regulations were put into effect beginning July 1, 2003. Random audits for compliance with the continuing education requirements are conducted each month. Three hundred eighty two (382) nurses (178 RNs, 204 LPN/LPTNs) were audited with a 97.3% compliance rate. Twenty-seven Letters of Warning were issued for meeting the continuing education requirements after the nursing license was renewed. Ten Letters of Reprimand were issued for failing to meet the continuing education requirements.

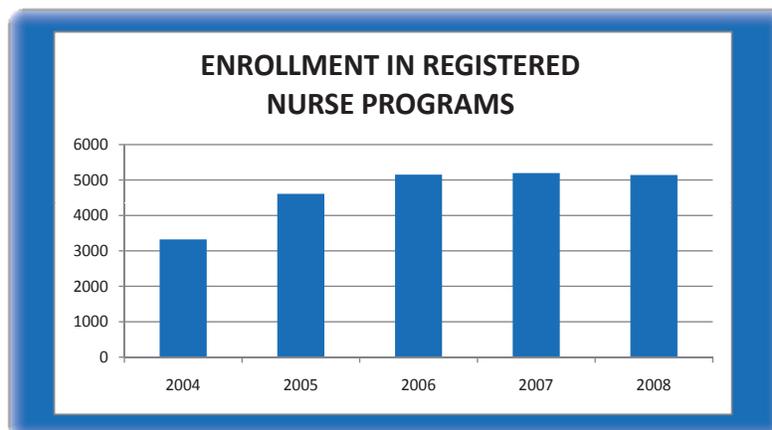

The Arkansas State Board of Nursing approves programs preparing registered nurse and practical nurse candidates for licensure. The *Nurse Practice Act* requires that the Board prescribe minimum standards, approve curricula and survey educational programs through its authorized representative. During the reporting period, two registered nurse and nine practical nurse programs were surveyed. Curriculum consultation and lectures by Board staff were provided to nursing education programs throughout the state.

Federal and Arkansas criminal background checks are required of all individuals applying for an initial license in Arkansas. During the 2008-2009 fiscal year, approximately 4,476 Arkansas criminal background checks and 4,367 federal criminal background checks were entered into the board's database. There were 670 investigations completed on applicants with a positive criminal background check.

Enrollment in the educational programs is reported to the Board in a report submitted by program directors annually in December. Enrollment figures reported for the three-year period (2006-2008) are shown on the following pages of this report. For consistency in data collection, the term "nursing major" was defined in 1993. Nursing major includes only those students in nursing courses and accepted for the degree or diploma program.
